How Connected Rewards works

During times when the demand for electricity is at its highest, BGE may briefly adjust your thermostat by up to 4 degrees. To show our appreciation, we'll send you a one-time \$50 prepaid card for each smart thermostat you register and another \$50 prepaid card per eligible thermostat at the end of each season you participate.

Together, we can save more than
energy

When electricity is in peak demand, utility companies need extra help to prevent service interruptions and provide energy, but it may come at a cost. Connected Rewards was created to help keep energy costs down, avoid service interruptions and ensure customers

The EmPOWER Maryland charge funds programs that can help you reduce your energy consumption and greenhouse gas emissions and save you money. Since the inception of the EmPOWER Maryland program in 2008, the programs have saved \$14.5 billion on installed measures at a cost of \$4.1 billion. In addition to new program costs, this charge includes paying off the
